## UTILITIES ACKNOWLEDGMENT

I understand it is the Listing Broker's responsibility to have all utilities connected and disconnected on any assigned REO Properties from HomeEq Servicing. All utilities are to be connected in the **broker's** name and sent directly to the **broker** for payment.

The **only** exception to this Acknowledgment will be when the condition of the property is such that it is not prudent to the connect utilities. Utilities are to be disconnected on the day of closing.
